Subject: Öko-Institut consultation for a review of the list of restricted substances under RoHS2 - 1st area of review - DIBP

Dear Sir, dear Madam,

Orgalime thanks you for being consulted on the review of the list of restricted substances under RoHS2, in particular on the assessment of Diisobutylphthalat (DIBP) based on the Assessment Dossier template proposed by the Austrian Umweltbundesamt GmbH.

We would like to draw your attention to the ECHA Committee for Risk Assessment (RAC) and Committee for Socio-economic Analysis (SEAC) Opinion on an Annex XV dossier proposing restrictions on four phthalates (DEHP, DBP, DIBP and BBP) as adopted in 2012.

For your convenience, please access the document via the following link:

<http://echa.europa.eu/documents/10162/58050be8-f7be-4b55-b106-76dda4989dd6>.

Orgalime kindly asks you to take these recommendations into consideration in view of your further proceedings.

We remain at your disposal for any further information that you and your team may wish to require.

Yours sincerely,

Anne-Louise Picard

Adviser
